The members of the Harrison County Agricultural & Mechanical Association are hereby no tified that the election of President and Directors. for the ensuing year, will take place in Cynthi ana on Saturday, the 10th day of May. May 1st, td.

CURIOSITY-Our friend Francis J. Grey of this county, has left at our office two eggs which were laid by the same hen, one a very large one and the other a very small one. We claim to be the exponent of the views and principles of the people .- Age.

The Last Agonies. This is the heading of another article in the Age, announcing that SAM is dying. When the English King Charles the sec-

ond was about to yield up the ghost, with that exquisite urbanity which was his most remarkable characteristic, it is said that he apologized to his attendants for having been such an unconscionable time dying. We really think, as we have heretofore suggested, that SAM owes a similar apology to our Pike street neighbor. For several month the Age has been arduously reporting the dying agonies of Sam; watching with painful anxiety by his bed side to see the flickering flames of life expire; giving him a cruel punch from time to time, to hasten the longed for catastrophe; and yet compelled to announce to his readers, each successive

week, that SAM STILL LIVES !!! And sir! that annunciation will continue to be made, when Sag Nichtism shall vited to attend .- Thibodaux (La.) Mibe remembered only, as one of those monstrous and baneful errors, which for a time deluded a portion of the Ameri can people, but was finally dispelled by the light and power of truth. The polit ical principles, assailed and villified un der the cognomen of SAM; can never die tality of truth. Organizations and par ties may change and pass away, with those who made them, but the grand and

vital principles of Americanism will sur-
